FHS Regional tennis qualifiers miss finals in April 12 tourney

The Frankston tennis qualifiers for the Region III Tennis Tournament came home with none advancing to the Regional finals in the Class 2A competition but Coach Christi Coker considered the team's performance as a "great year for Frankston tennis".

"The kids played hard," the coach said.

The Regional Tournament was held April 12 at the A&M Consolidated High School in College Station. The Frankston players had finished in second place in the District 19-2A tournament.

The players who had advanced from district competition are Christian Serrato, Kaylah Redic, Lysie Bizzell, Kason Newport, Bandy Bizzell and Ja'Shalyn Hatton.

The coach noted that Lysie Bizzell, Newport, Redic and Hatton are the four seniors who were qualifiers.

Serrato and Redic competed in singles. Lysie and Bandy Bizzell were in girls doubles and Newport and Hatton were competitors in mixed doubles.
